Kegel Kode: 4545 | Pattern designed for use in Kegel TRANSFER ROLLER, WIPER BAR machines. | As with most long oil patterns, the optimum line is usually one that is closer to the pocket or more towards the inside portion of the lane. The greatest slope of conditioner on this pattern is from the 11th board to the 15th board so players should target along this route. Outside of the 11th board, the pattern is flat so there will be very little room for error. Because of the long length of this pattern, a smooth, clean exit from the thur hole to get the ball rolling is imperative.
